Re: Maple Block Neighbors sponsorship

For this demonstration scenario, Maple Community Foundation confirms that it serves as the nonprofit fiscal sponsor of Maple Block Neighbors for the Maple Block Community Garden and Workshops project and its $20,000 grant request.

Scope of sponsorship

In the fictional scenario, the foundation would receive and administer any awarded funds for approved project activities, retain supporting expenditure records, and oversee use of funds against the project budget. It would charge no sponsorship fee. The group would deliver the project within 12 months of award and make its activities open to local residents.
